Letter No 501/858 of 21st March 1877, from the Secretary P. W.

In para 3 of the General Circular No 8277/151 of 16th November 17. it is stated — Municipal and Cantonment Departments are not entitled to obtain supplies of Stationery from the Government Depot. I am not whether this applies to the Local Fund and Municipal Branches of the Sanitary Department. If it does the Stationery now required for use in those branches will have to be purchased and charged for separately.

Mr. I think it does apply

Archibald

2 Thanks provision will have to be made for the supply of

of Stationery &c required
for the Local Fund
Establishments in Districts.

3. The Examiner
has in his District Fund
Budget Estimate of
Establishments for 1877/78,
provided for the Stationery
charges of his office
— and that of a
Secretary D. P. W. &c
has included Rs 366 for
the former and Rs 156
for the latter under
"Contingencies." The
Deputy Accountant
General has not
made any similar
provision in the Esta-
blishment - Budget
submitted by him.

4. I beg to suggest
that a monthly allowance

&c

be sanctioned for each Office which is not entitled to receive Stationery from the Government Depot and that an Indent of the actual requirements be submitted to this Office for examination and check otherwise there will be a great waste of money. The Indents when checked and passed by this Office will form the basis for fixing the monthly contingent allowance, but as the Official year is fast coming to a close orders will have to be issued at once

In

In the Budget for 1877/78, the Examiner has, in the Establishment portion Part IV A of the Budget audited by him, made the following provision for Contingent expenses of the Offices under each District -

	Per annum
Bangalore District — Rs.	220

8. In addition to the above the Examiner has newly entered a Compensation of Rs. 500 per annum for each District on account

of

of Stationery for printed forms and printing charges. I have already suggested that the forms required for use in the Local Fund Departments of the Administration should be printed at the Government or any private office under the orders of the Office and distributed, the cost being rateably debited to each district. The lump sum provision of £500 may, I think, be reduced and the following sums, noted against each District entered in the District Fund Budgets under Stationery for printed

10. The only Department for which a monthly Contingent allowance has now to be

be fixed are -

1. The General Secretary's Office
Daftar Department.
2. The Deputy Accountant-General's Office
3. The D.P.W. Secretary's Office
and
4. The P.W.A. Examiner's Office

11. The Examiner in his budget has provided a sum of Rs. 156 per annum for the D.P.W. Secretary's Office and Rs 366 for his own under "Contingencies", i.e. Rs. 13 per mensem for the former and Rs. 30½ for the latter.

12. Since the control of District Funds was transferred to the Daftar the work in D.P.W. must have considerably decreased

13. The Examiner audits all the charges incurred from District Funds

Funds with the exception of those entered under Part IV B of the Budget (audited by the Deputy Accountant General). But I believe the correspondence between the Examiner's Office and districts is, for the most part, conducted by means of printed forms ... so as not to discrepancies in accounts &c —

7 In the Deputy Accountant General's Office the Establishment charges provided for in Part IV B of the Budget, which amount in all to Rs 21,522 as budgeted for last year, is audited, Credit orders are issued for the whole of the expenditure budgeted for the year, and

and correspondence
connected with Distrct
Funds carried on with
Commissioners and Deputy
Commissioners -

15. I beg to suggest
that the following scale
be sanctioned tentatively
for the 4 Offices above
named for contingencies
including Stationery &c.

1. General Secretary's Office
Duftur Deptt — @ Rs 25 per annum
2. P.W. a Examiner's Office Rs 15
3. D.P.W. Secretary's Office Rs 10
4. Deputy accountant Gl's Office 10

16. I beg to suggest
also that the each Depart-
ments connected with
District Funds be requested
to forward to the Duftur
for Scrutiny for the
next 12 months, their
monthly

monthly Contingent
bills in order that
the actual requirements

above fixed considered.

17. The foregoing orders were communicated to the several Officers in this office No. 149/13 of the 18th April/7.

18. The accompanying statement prepared in this office shews at a glance the charges incurred in the several Offices during 1877-78 as furnished

on the data furnished by the Executive P. W. A with his No. 4082 of 16th July/78—

against the grant as entered in col: 4 of the same. The Expenditure incurred in the marginally noted Offices was in excess of the grant sanctioned therefor, while in others, the expenditure was less than what was estimated & allotted in the Budget for 1877-78. The Examiners of Divisions may be called upon to report why the Budget grant was largely exceeded in the 3 Districts above referred to —

II Dy Accountant General	120	96	24
III. General Secretary (Public department) —	300	240	60

20. In the Nasar Division office, the charges appear to have been carefully scrutinized. There has been a saving of nearly 90 Rs. The work of the Peishcar department in that Division was as heavy

as

as in the other Divisions, and there appears to have been less careful scrutiny of contingent Expenditure in the Nandidroog and Adataferaun Divisions - I beg to suggest that the allowances of the 3 Division offices be reduced as shown below

para 3 of the General Circulars No 8277 of 16 Nov/76, 157

is stated that Municipal District Fund Deptts are not entitled to obtain supplies of stationery from the Government Depot. I doubt whether this applies to the Local Fund and Municipal Branches of the Depts. If not does the stationery &c required for use in those branches will have to be purchased and charged separately.

I think provision will have to be made for the supply of stationery &c required for the L. & Fund Depts in future.

The Commr has in his Fund Budget Estimate of Establishment for 1877/78 provided in the stationery charges of this Office as well as that of Secy's Office the former of Rs 156 for the latter under "Contingencies" the Dy Accountt Genl has not made any similar provision in the Estimate submitted by him.

I beg to suggest that a monthly allowance be sanctioned for each Office which is not entitled to receive stationery from the Govt Depot and that an Indent of the actual requirements be submitted for Commr's check. Otherwise there will be a great waste of money. The Indents when checked & passed by this Office will form the basis for fixing the monthly contingent allowance.

Regrets for certain instructions with reference to Ch. Comr's Pro. No 149 of 24/1/77 regarding the audit of Contingent bills.

Replied vide No 1207 dated 11/6/77

The Examiner regrets he misunderstood that it was never intended to interfere with the following plan audit of these bills as usual in the Examiner's office. They were simply passed by this office under para 9 of the CC's proceedings referred to, and as the amt of the contingent bill was in respect of one item, "Incidental" required by order of the Secy the amount was entered in letters in red ink by Examr to audit the bills accordingly.

The reason why the scrutiny in the office of these bills for a year was considered necessary was already explained in the order passing of the bills by this office was considered final, as the Examr explains they would not have been forwarded for final audit & settlement

Sir,

With reference to para 5 of the Chief-Commissioner's proceedings No 149 dated 18th April 1877. I have the honor to request the favor of being informed if it is intended to remove the Audit ( ) of the Accounts so far as regards the Contingent Defense Bills therein referred to from my office to that of the Duftar Department.

2. Such a course I would with all respect submit result in considerable confusion in booking, as a certain portion of each Contingent Bill is debitable to Imperial Funds.

3. I have ventured to ask for this information as during the month of May I have received two bills (Originals enclosed for obligy and early return) which appear to have received definite Audit by the Assistant Secretary and thinking that perhaps the audit endorsements on the bills may have been endorsed from some misapprehension of the original intention of the Chief Commissioners orders, which were that they should be submitted for scrutiny for the next 12 months yea in order that the actual requirements may be correctly ascertained and the

the revisions or otherwise of the scale now fixed, determined"_____

I would solicit the favour of instructions being obtained on the points_____

I have the honour to be,

His letter No. 2484 D/ 8th June 1877, enquiring whether it is intended to remove the audit of accounts connected with Contingent Bills from his Office.

In reply states ~~that~~ it was not intended to interfere with the final audit of the Bills in question by the Examiner P. W. Accounts.

2. The amount, for which the Bills were

were passed in this Office, was noted on the Bills as, in some cases, one or two of the items charged for have been disallowed.

3. The very fact of the Bills having been forwarded to the Examiner for audit, shows that the passing of the Bills in this Office was not considered final.

From the statement submitted by the Examiner with the letter above recorded, it is observed that the contingent charges incurred in the municipally noted offices during 1877-78 were greatly in excess of the prescribed allowances, while in others the expenditure was less than what was estimated & allotted in the District Fund Budget for 1877-78

2 It is satisfactory to note that in the Kadur Division offices there has been

been a saving of 90 Rs, owing, apparently, to the charges having been carefully scrutinized, notwithstanding that the work of the Accounts Deptt. at that Stn has been as heavy as in the other 2 Divisions.

3. Taking the average monthly expenditure of the last 12 months into consideration, the Chief Commissioner directs that the contingent allowance of the undermentioned offices be reduced as shewn in the subjoined table, with effect from 1st August next—

Docket No. 4082 of the 16th July 1878, from the Examiner, Public Works Accounts, submitting a statement shewing the expenditure incurred in the several offices for 12 months of 1877—78, on account of contingencies, &c

No. 1329-1342—D. F. 311, dated Bangalore, 25th July 1878.

Order thereon.—From the statement submitted by the Examiner with his letter above recorded, it is observed that the contingent charges incurred in the marginally noted offices during 1877—78 were greatly in excess of the prescribed allowances, while in others the expenditure was less than what was estimated and allotted in the District Fund Budget for 1877—78.
